THE CONVENTION ADJOURNED

Special to The Eagle

CONVENTION HALL, Dallas, Texas, August 16th 10:41 p. m.—Just before the second roll call finished Bell entered hall, ascended stage, addressed convention, withdrew his name. Campbell nominated unanimously. Night session called 8:45. Davidson, Storey, Terrell, and balance of ticket elected by acclamation. Geo. A. Carden of Dallas elected chairman executive committee. Adjournment, sine die.

CAMPBELL NOMINATED

While the Second Ballot Was Being Conducted

COLQUITT WITHDREW

The Completion of the Primary Returns Showed That Brooks Had Smallest Percentage and Dropped Out.

Dallas, Aug. 16.—The third day's session of the state Democratic convention was called to order by Chairman Templeton at 10 o'clock.

Pro rata vote of primaries, which was begun Wednesday night, was not concluded until Thursday at noon. Convention vote was announced as follows: Campbell, 213,314; Colquitt, 169,934; Bell, 163,357; Brooks, 156,318. Brooks was dropped.

Hon. P. B. Miller of Dallas objected to what he termed the "gag" rule and made a motion in opposition to same. The motion was defeated.

While the second ballot was in progress Hon. G. B. Colquitt took the platform, and after a brief speech withdrew his name from the list of candidates for governor.

As the ballot progressed many Colquitt votes went to Campbell. Campbell was nominated.

STILL UNEASY.

Four Rangers Were Sent to Brownsville to Assist Authorities.

Austin, Aug. 16.—According to a long message received by the governor from Brownsville, signed by the citizens' committee and local authorities, the feeling of unrest still prevails there and more trouble is imminent at any time. The message contains the information that four rangers have been detailed to Brownsville and are on the scene and there are 150 citizens armed and a cordon of guards is posted along the route from Fort Brown to Brownsville.

Negro troops are shut up in the garrison. If the troops make an effort to get out of the barracks a serious clash is inevitable. This was the first official advice received by the governor of the trouble. The message was turned over to General Hulen and he will confer with the military authorities here as to what is to be done in the premises. It is not considered wise here to send state troops to Brownsville.

ACHESON INDIGNANT.

Denies Report That Ninety Per Cent of Delegates Were Negroes.

Denison, Aug. 16.—State Chairman Acheson of the "reorganized" Republicans is indignant over the report telegraphed from Houston that the recent convention in that city was composed of nine negroes to one white man. He says there was but 50 per cent negroes. The chairman says that the "reorganizers," however, will receive the almost solid negro vote; that the campaign will be the hottest ever waged in the state, and will be directed from Denison. The chairman says there will be plenty of speakers on the stump and an ample campaign fund. He predicts the El Paso ticket will be badly defeated.

NEGRO TEACHER SHOT.

W. T. McCall Probably Fatally Wounded by One of Race.

Austin, Aug. 16.—W. T. McCall, a negro school teacher here and principal of the West Austin colored school, was shot and fatally wounded. Officers arrested another negro—John Richards—charged with the crime. Richards was in the act of boarding an outgoing train when arrested. McCall said soon after the shooting that Richards probably shot him because he (McCall) had been walking with Richards' wife.

GRAY FOR GOVERNOR

Fannin County Physician Is Head of Republican Ticket.

LYON AGAIN CHOSEN

Platform Denounces What Is Termed Wasteful Extravagance of State Democratic Administration and Praises President.

El Paso, Aug. 16.—The Republican state convention completed its work by re-electing Hon. Cecil A. Lyon of Sherman state chairman, and nominating the following state ticket:

Governor—Dr. Cary E. Gray, Fannin county.

Lieutenant Governor—Frederick Hofeinz, Guadalupe county.

Attorney General—Charles W. Ogden, San Antonio.

Comptroller—Wentworth Manning, Van Zandt county.

Treasurer—George M. Booth, Williamson county.

Commissioner of General Land Office—Henry C. Harding, Amarillo.

Railroad Commissioner—W. F. Connor, Dallas.

Superintendent of Public Instruction—F. Vanderhoort, Carrizo Springs.

Justice Court of Criminal Appeals—A. G. Foster, El Paso.

The resolutions condemn what is referred to as the wasteful extravagance of the state Democratic administration; condemn nepotism in Texas and condemn the Texas congressmen for opposing the Republican national administration, "from whom aid comes to Texas."

A compromise resolution bearing on prohibition was adopted.

Allegiance to the Republican platform of 1904 was reaffirmed. The platform advocates a compulsory education law.

The resolutions congratulate President Roosevelt for his fight against the trusts.

MONUMENT TO WIRZ.

Grand Army of the Republic Will Take Up This Question.

Minneapolis, Aug. 16.—A business session of the Grand Army of the Republic was held Thursday. Abolition of the canteen from the old soldiers' homes and proposed erection of a monument to Henry Wirz by women of the South are the most important questions to come up.

Hot weather continues. It is estimated by the police the number of prostrations Wednesday in the parade will reach 100.

GREAT DAMAGE.

It Will Require Some Time to Pump Out the Water.

Coalgate, I. T., Aug. 16.—Flood damage to mines here will reach \$100,000. It will take weeks to pump out the water. United Mine Inspector Cameron has a large gang of men at work at the pumps.

Nobody Hurt.

Lafayette, Ind., Aug. 16.—A passenger train on the Big Four railroad collided early Thursday with a freight train near Summit. Reports were circulated that many passengers had been injured and physicians asked for to be sent from here. Officials of the railroad say no one was hurt and the only damage done was the side-swiping of cars.

BIG LAND DEAL.

Between 2500 and 2600 Acres of Robertson County Land Sold Here Yesterday.

Probably the largest land deal made here in many years was consummated yesterday; the property being situated in Robertson county and known as the Cavitt homestead, consisting of between 2500 and 2600 acres.

The trade was made by Mr. Jno. B. Cavitt of Wheelock, selling to Mr. R. H. Seale of Benchley and Mr. D. F. Dansby of Bryan.

This property is considered the best land for all purposes in this part of the state and was admired by homeseekers and farmers in general, but was never offered for sale in small tracts.

CALL OF CONVENTION.

By virtue of the authority vested in me as the Chairman of the Democratic Executive Committee of the 20th Judicial District of the State of Texas, I hereby call a convention to consist of the delegates elected from the several counties composing said district, to meet at Wootan Wells on the fourth Saturday in August, 1906, same being the 25th day of said month, for the purpose of nominating a candidate for District Attorney of said District.

J. E. BUTLER,
Chairman Democratic Executive Committee of 20th Judicial District.

WONDERFUL PER CENT

Of Cures at the Pasteur Institute. Great Thing for the People.

There are now twenty-six patients in the State Pasteur Institute at Austin, the average being about twenty, but the maximum was thirty-eight, who were there several months ago. A recent arrival is a veterinary surgeon who was bitten by a mad horse. The institute continues to do successful preventative work, having lost only one patient out of two hundred, and while the charges are quite small and free if the patient is indigent; the institute has paid its own expenses and has an accumulated surplus of nearly \$2,000.

It can be said that the establishment of the institute has been a Godsend to many a person who has been bitten by a mad dog, rabid cat or coyote or other animals, and who have been rushed to Austin and successfully treated. The railroad fare is small, the charges for treatment is but \$25, and board at any place the patient cares to stop. Heretofore patients would be compelled to go to St. Louis or Chicago at a great cost, and pay \$100 to \$200 for the treatment with high board in addition. A number of poor people who can come to Austin could not begin to have taken the treatment in Chicago and would have probably died of the awful disease hydrophobia.

As an adjunct to the Pasteur Institute the asylum keeps several hundred rabbits, as it is necessary to sacrifice a rabbit daily.

Every day of the year a rabbit dies of hydrophobia and the virus from it is preserved for giving the treatment to the patient in the institute. The treatment consists of injecting the virus in many stages, hence the daily dying and inoculation of a rabbit. Rabbits are selected because they are not wild and subject the operators to no danger. A rabbit with hydrophobia does not go into agony and bite everything in sight as other animals would do, and for this reason they are selected to be sacrificed for the benefit of mankind, their very gentleness being the reason for using them. But it is necessary to save the lives of human beings. —Navasota Examiner.

PLATFORM ADOPTED.

Declaration of Principles Promulgated
by Texas Democracy.

Dallas, Aug. 16.—Following is the
platform that was unanimously ad-
opted by the state Democratic conven-
tion:

The representatives of the Texas
Democracy, in convention assembled,
recall and affirm those fundamen-
tal principles reserved to the people by
the Democratic party which support
the fabric of free government—a Fed-
eral government composed of sov-
ereign states, which Federal government
derives its power from the constitution
of the United States, with local self-
government reserved to the state and
to the people in all matters which
have not been surrendered to the gen-
eral government. The Democracy of
Texas stands for constitutional gov-
ernment and for laws passed there-
under which are no respect of persons;
for law and order and for the enforce-
ment of laws against all alike; for free-
dom of the citizen and protection to
him against all lawful violence and in-
terference from whatever source; for
simplicity and economy in all public
affairs and against all abuse of power;
for representative government in
which all public officers are the ser-
vants and not the masters of the peo-
ple, and who shall be always account-
able to their constituents; for distinc-
tion in the three great powers of gov-
ernment—the legislative, executive and
judicial; for honest and equal taxation
and for just distribution of the bur-
dens of government and for the great-
est liberty of the citizens which is con-
sistent with the public good. These
are some of the essentials of our free
government for which the Texas De-
mocracy has ever stood and for which
it will continue to battle.

1. We endorse and commend the
administration of Governor S. W. T.
Lanham as faithful to the interests
of the people of Texas, and returns
the thanks of the Democracy to our
state officials for their faithfulness
and efficiency in office.

2. We demand that the next legis-
lature enact such a law as will fine
and prohibit lobbying.

3. We favor the enactment by the
next legislature of a law prohibiting
the issuance of free passes or the giv-
ing of free transportation, franks or
privileges in any form by railroads or
other corporations within this state,
except to those employed by said cor-
porations and their families, the in-
digent poor for whom application is
made by religious or charitable orga-
nizations, and to sheriffs, rangers and
other peace officers whose duties are
to execute criminal processes, and we
request the next governor of this state
to keep the legislature in session, if
necessary, by extraordinary call until
law as is herein demanded has been
passed.

4. We demand the enactment of a
law prohibiting corporations from con-
tributing to campaign expenses of any
party or individual or to secure the
adoption or defeat of any measure sub-
mitted to the vote of the people.

5. We demand the enactment of a
law, or if necessary, the submission of
a constitutional amendment to the
people of Texas, defining insolvent cor-
porations and prohibiting the same
from doing business in this state.

6. We demand the passage of a
law compelling telephone and tele-
graph companies to transmit each
other's messages and to make connec-
tions necessary therefor at common
points.

7. We demand that such amend-
ments to our laws regarding private
corporations as will require the pay-
ment of at least 50 per cent of the cap-
ital stock before filing charter, and
within two years the additional 50
per cent of the capital stock, and that
will insure greater publicity and a
greater measure of protection to cred-
itors and stockholders.

8. We oppose nepotism and demand
the passage of such laws by the next
legislature as may be necessary to
eliminate the same from the public
service in this state.

9. We demand the enactment by
the next legislature of a uniform text
book law.

10. We demand such early amend-
ments and additions to our present
drainage and irrigation laws as will
enlarge their scope and general ben-
efit and render them effective.

11. We recognize that our laws are
inadequate to properly deal with
youthful offenders, and we demand
that the legislature enact laws con-
ferring necessary power in courts of
competent jurisdiction to the end that
youthful offenders may be corrected,
reformed and more suitably dealt with.

12. We expressly demand of the
next legislature the enactment of such
amendments to the Terrell election
law as may be found necessary to sim-
plify and correct the same; and we
further demand the adoption of an
amendment thereto providing for a
uniform test and such an amendment
to the election law as will, by a blank-
et primary, enable a majority of the
voters of the respective parties to
make nominations by direct ballot of
the voters without the intervention of
conventions.

13. We favor the Democratic pol-
icy of making ample provision for all
of our eleemosynary institutions in or-
der that we may still continue to pro-
vide for our helpless wards.

14. We recognize the importance of
good public roads to all of the people
of Texas, we recommend to the next
legislature the enactment of such laws
as may be deemed necessary to attain
that end.

15. We suggest such legislation as
will simplify the procedure in both
civil and criminal trials and recom-
mend such reforms as may be prac-
ticable in our jury system.

16. We recommend that the next
legislature submit an amendment to
the state constitution authorizing the
erection and maintenance of a home
for indigent or decrepit wives or wid-
ows of Confederate soldiers and sail-
ors.

17. We recommend that occupation
taxes on useful occupations be re-
moved.

18. We believe that the owners of
all property which is not exempt from
taxation by the constitution of the
state should be compelled to contrib-

ute their just proportion toward defray-
ing expenses of the government, and
to the accomplishment of that result
we pledge the Democracy of Texas to
the enactment of such further laws
as will secure the just rendition of all
property for taxation at its full value
and compel the payment of taxes prop-
erly assessed against it, and to the en-
actment of such laws as will secure
the taxation of all property, tangible
and intangible, including the franchis-
es or intangible assets or property of
those corporations which, by reason
of the nature or character of their as-
sets or property under the present laws
escape their just proportion of taxa-
tion.

19. We recommend that a state de-
partment of agriculture be established,
and that the same be adequately sup-
ported; that there be provided ade-
quate agricultural equipment and
teaching force for the state normal
colleges, the College of Industrial Arts
for girls and the agricultural and me-
chanical college; and that industrial
thought in the schools be encouraged
by teaching the elements of agricul-
ture and of the industrial arts; that
the agricultural and mechanical col-
lege, the college of industrial arts for
girls and the state normal college be
authorized to grant diplomas having
the force of state teachers' certi-
ficates to all who complete the neces-
sary course of study as graduates in
the industrial branches; we recom-
mend that liberal support be provided
for the agricultural and mechanical
college, the experiment stations, the
farmers' institute, the college of in-
dustrial arts for girls and the Texas
state university for the teaching and
training of our youths and the more
liberal education of our citizenship;
we recommend that the principle of
county taxation for school purposes
be adopted; we demand that the con-
stitutional requirement for at least
six months' term of free school for
each child in each year be complied
with.

Following resolutions were also
adopted:

1. Resolved, That the Democracy of
Texas expresses unbounded confidence
in the statesmanship and patriotism
of that splendid leader, William Jen-
nings Bryan, and we favor his nomi-
nation for the presidency by the next
national Democratic convention.

2. Be it resolved by the Democracy
of Texas, That we heartily endorse our
United States senators, Hon. Charles
A. Culberson and Hon. Joseph W. Bal-
ley, and we commend their course in
the United States senate.

We denounce the malicious and un-
just attacks made upon the personal
character of Senator Bailey, and we
declare our full faith in his integri-
ty, and we believe that these slanders
have emanated from persons who have
by design willfully attacked him for
the specific purpose of weakening his
influence as the great champion of
the interests of the people.

3. Resolved, That in the death of
ex-Governor F. R. Lubbock, Hon. John
H. Reagan and ex-Governor James S.
Hogg the people of Texas have lost
three of their most able and patriotic
leaders, and we instruct the secretary
of this convention to transmit to their
respective families copies of these res-
olutions.

4. We endorse the able and efficient
management of the business of the
party by Hon. Frank Andrews and the
state executive committee and the
thanks of the convention and entire
party are tendered him and the com-
mittee for their faithful services.

5. Resolved, That the thanks of the
entire people of Texas are due to Hon.
V. W. Grubbs for his long and in-
defatigable labors in behalf of industrial
and agricultural education in our pub-
lic schools.
